We lovingly make, bake and smoke our food at Hoghouse with ultra fresh, premium ingredients, supporting small and local, where and when available.

Like us to leave the dairy or an ingredient off a dish? We can try to accommodate, just ask.

Our kitchen uses nuts, garlic, soy. We adore dogs, but they are only accommodated outside.

The drinking fountain is self service and complimentary. Seating requires eating / drinking.

We are grateful when you leave your used plates at the plate drop.

Your feedback is welcome and so is your company. Thank you for visiting.
